Re: Final Approval  
White Mountain Gypsum  
ACT/027/001  
Millard County, Utah

Dear Mr. Suave:

The Division of Oil, Gas, and Mining is in receipt of the Mined Land Reclamation Bond in the amount of \$2,884.00 from White Mountain Gypsum to cover reclamation costs for the White Mountain Mine in Millard County, Utah.

As you will recall, tentative approval was given to this operation on July 6, 1979. Subsequently this tentative approval was published for the required 30 day public comment period, during which time no adverse public comment was received.

Therefore, because White Mountain Gypsum has fulfilled all the requirements under the Utah Mined Land Reclamation Act, the Division hereby issues final approval to the above mentioned mine.

Please be reminded that Rule M-8 of the Utah Mined Land Reclamation Act requires that within 30 days after commencement of operations, the operator shall notify the Division of such commencement. Rule M-8 also requires that an annual Operations and Progress report be filed with the Division at the end of each calendar year.

If you have any questions regarding this final approval, please contact this Division.

Sincerely,

RONALD W. DANIELS  
COORDINATOR OF MINED  
LAND DEVELOPMENT
